## Out with the old...

Dial Before You Dig NSW/ACT sponsors two V8 Touring Car teams. While the V8 Touring Cars are all retired V8 Supercars, they are not equal.

Jon McCorkindale has been driving an ex-James Courtney BF Falcon that concedes over a second per lap to its younger rivals. Despite this, Jon jumped to the lead in the feature race at Sydney Motorsport Park in June. On a wet track, Jon held off the faster cars for a well-deserved second win in the series.

It is no coincidence that Jon's two wins have been on damp tracks. Difficult conditions allow Jon to show his skill. Now the BF Falcon has been sold to a new home in New Zealand.

Jon reports that his "new" car performed well in trials at Sydney Motorsport Park in July. He sits in third place overall with two rounds remaining in the series.

The V8 Touring Cars are shown live on Fox Sports as a support for the V8 Supercar series.

Jon's new car has its decals added.

## Masters of their Domain

The Master Builders Association of NSW has invited Dial Before You Dig NSW/ACT to be a presenter at its Continuing Professional Development Seminars in 2018. Builders in NSW are required to attend 12 hours of Continuing Professional Development.

The seminars are held across NSW. To date they have been held in Newcastle, Wollongong, Ballina and Sydney. Feedback from builders has been positive. Builders are very interested in the mobile-friendly [1100.com.au](http://1100.com.au) website. The mobile-friendly website makes it easy to lodge a Dial Before You Dig enquiry on a smartphone and tablet while onsite.

Many thanks to the Master Builders Association for the invitation.
